

ENCHANTING HEDWIG: INTERACTIONS

Interactive Mode

- Hedwig can sense and interacts differently depending on the direction you pet her.
 - If you pet stroke from top to the bottom (downstrokes) = Hedwig gives happy noises
 - If you pet stroke from the bottom to the top (upstrokes) = Hedwig gives upset noises
- You can pick up Hedwig by lifting her from her feet.
- To place her back on her perch, please align the pegs with the holes underneath her feet.

Message Delivery Mode

You can use the letter to deliver secret messages to your friends!

- To give Hedwig your letter:
 - Hedwig needs to be in a good mood to accept your letter.
 - Pet Hedwig until she makes happy noises.
 - When she's happy, open her beak and insert envelope into slot in tongue.
- To receive the letter:
 - Hedwig wants to deliver the letter to the right person. When the envelope is in her beak, stroke her head downwards 3 TIMES, she'll give you a happy reaction and release the letter.
 - If the letter is taken involuntarily, Hedwig makes upset noises
 - Once the letter is delivered, Hedwig will perform a happy dance!

Try Me Mode

- Middle Option on the Power Switch
- Hedwig moves her head, opens/closes her beak and moves her wings.

Talking to Hedwig

- Hold the back of her head for 1 second to get her to listen.
- When you speak soft and gently, she'll respond with a hoot to show you that she is listening.
- If you speak too loudly, she'll respond with some loud sounds of her own!

Nibbling Interaction

- When Hedwig is in a good mood, open her beak and she will nibble your finger.

Sleep Mode

- After a few minutes of inactivity, Hedwig will go into sleep mode.
- Open Hedwig's beak to wake her up from her sleep.
